1 Introduction to Clicker Training for Adult Dogs*

Starts Monday the 26th at 6:30 p.m.

2 Introduction to Clicker Training for Puppies*

Starts Monday the 26th at 8:00 p.m.

Designed to develop dog behaviors using modern clicker training, **gentle and effective obedience training** for your dog.

The Clicker is a small plastic box makes a sharp, clicking sound. Its value is that the unique sound doesn't get lost in the babble of words we are constantly throwing at our dogs. It is faster than saying "Good dog!" and allows the trainer to mark with great precision the behavior for which the dog is being reinforced. Paired with something the animal finds very reinforcing (such as treats), the clicker becomes a **powerful tool for shaping behavior**.

3 Advanced/Tricks Training Course*

Starts Wednesday the 28th at 6:30 p.m.

Designed for adult dogs and puppies who have completed the introduction course and ready to move to the next level.

***All Courses instructed by Brittany Hartke**
